

For immediate release: 12 April 2006

**Centurion Electronics plc
Contract win**

Centurion Electronics ("Centurion") the UK provider of in-car infotainment systems is pleased to announce that it has secured contracts for the development and supply of an in-car entertainment system to a UK based luxury carmaker.

Deliveries will commence this month and will consist of twin TFT headrest screens for rear seat passengers, which display images from DVD, Auxiliary Input and analogue TV sources with a unique wireless sound transmission system. Initially the systems will be a dealer fit option but later this year will be installed at the carmaker's vehicle assembly plant.

Chris Rhodes, Chief Executive of Centurion, commented: "I am delighted with this contract award which adds a further highly respected car manufacturer to our growing high profile client base."
